# LHS Christmas Trip to Thorncliffe Barn Nursery

The Children's  
Day Nursery

10 Learners visited Thorncliffe Barn Nursery, as part of their Community Project. The learners decided they wanted to help the pre-school children make letters to Santa to strengthen links between school and the local community. They brought catalogues and pre-printed letters to help them do this, and sat in small groups helping them choose pictures of what they might like. Lucy Smith dressed up as an elf to get into the festive spirit.

The learners made each child a Christmas card, and then painted their feet to create Christmas cards for the children's families. They brought in their own paint and card, and came up with the designs for the cards themselves.

In addition to this, Macy and Angel baked cakes and gave gingerbread men. They then sat with the children to help decorate them. Kyran was storyteller of the day. He read 5 books to groups of children, again brought in by the learners themselves.

The nursery were really impressed with the manners of our learners, and how lovely they were with the children. Zennan and Harry were particularly good with

Mrs Emery – Teacher of English
