

Year 9 – Spanish

Curriculum intent	To offer a broad, vibrant and ambitious MFL curriculum that will inspire and excite our students to become lifelong language learners. The opportunity to learn a foreign language is not limited to the grammar and vocabulary of Spanish, it is an experience of a different world, culture and traditions. It allows students to learn something diverse from their everyday lives. Learning another language teaches students more about their native language, provides them with excellent communication skills, increases confidence in speaking and allows a curious mind via a range of broad themes and topics through both classroom and extra-curricular opportunities. Students will value the importance of language learning through gaining knowledge and understanding of another language, as well as the culture of the Spanish speaking world. In Spanish, students will develop the four key skills of reading, writing, listening and speaking alongside building grammatical and phonetical confidence.
